Legion Drumhead Service Both Colourful And Successful

On Sunday, October 4th, the village of Haliburton was jammed packed with over 1,500 members of the Royal Canadian Legion from District "F" who attended and paraded taking part in the Drumhead Service.

At least five pipe bands were on parade in full colour uniform making the parade one of the most colourful in the history of the community.

52 Legion branches in District "F" took part. Some of the larger ones included Oshawa, Peterborough, Belleville, Trenton, Lindsay, Whitby. Each branch brought their colours which include the Canadian Flag, The Royal Union Flag (Union Jack) which shows the ties in the Commonwealth and allegiance to the Crown, and the Legion Banner.

The parade left the community Park at 1:45 and proceeded to the Cenotaph. Here a short Service was conducted in Remembrance, the Ontario Provincial President of the Royal Canadian Legion, Doug McDonald, placed a wreath, assisted by the District Commander, Deputy District Commander and Branch Zone Commander. The Last Post was sounded followed by the pipers' Lament and Reveille.

On their return from the Cenotaph, the March Past and Salute was taken by the Provincial President Doug McDonald.

When the parade reached the Community Park the drums were piled, and the colours were placed over them.

The Rev. Comrade Howard Best, Padre of Branch 129, conducted the service, followed by a presentation made by the Provisional President Doug McDonald.

This Service and parade in Remembrance will be long remembered as one of the most colourful events to take place in the County of Haliburton, and for a really worthy cause.

ROCKCLIFFE HOTEL SHUFFLEBOARD WINNERS

Over this past weekend the Rockcliffe Shuffleboard tournament came to a finish.

Bill O'Brien, owner of the 'Rock' announced the winners. Al Coneybeare and Jack Raymond were the best players on the board and won themselves two tickets to a Toronto Maple Leaf Hockey Game.

HOCKEY REGISTRATION FRIDAY NIGHT

The Minden Minor Hockey Association will hold their registration this Friday night, October 9th., at the Municipal Office here in Minden, from 7:00 to 8:00 p.m.

The executive would like to see a full turn out on this evening so plans can be made immediately for ice time in Haliburton.

Registration cards have been sent to the schools, they can be filled out and returned on Registration night. If for some reason a boy does not receive a card at school, they may still Register on Friday night.

Anyone wishing to Register for the refereeing clinic may do so by filling out a Registration card and turning it in on Friday evening.

Cost of Registering a boy is \$5.00 or \$10.00 for a family. There is no Registration charge for refereeing.

CANADA SAVINGS BONDS

This year marks the 25th anniversary of Canada Savings Bonds and since the first campaign in 1946, Canadians have purchased nearly \$30 billion worth of the bonds.

Last year alone, for example, nearly 2½ million people bought \$4.9 billion worth of Canada Savings Bonds.

As a means of recognizing the silver anniversary of Canada Savings Bonds, the symbol of a tree embodying growth, strength and security, is being used as the central theme in this year's advertising campaign.

As in past years Canada Savings Bonds will be sold through chartered banks, investment dealers, stock brokers and trust and loan companies across the country, as well as through the Payroll Savings Plan.

The new Series will go on sale Oct. 5 and will be available to the public at par until Nov. 13.

RAIL FANS TO VISIT HALIBURTON OCTOBER 17TH. ANNUAL TRIP WILL SEE BOTH STEAM AND DIESEL

Upper Canada Railroad Society Fall Steam Excursion is again scheduled for a combination rail and colour tour of the Haliburton Highlands. C.N.R. leave Toronto at 8:30 a.m. Oct. 17th for Lindsay. Diesel Power

Steam Locomotive 6218 will take over on the Haliburton sub. for the journey north. Numerous photo stops will be made allowing plenty of opportunity for Camera buffs to photograph not only colourful scenery but actual action shots of the steam and diesel trains at pre-arranged spots. After the return to Lindsay, steam will again take over for the return to Toronto in early evening.

Number 6218 is the last operating locomotive in the Toronto area and even its days are probably numbered. The problems of continued operations are becoming more complex as time goes on. Since the advent of diesel power, water towers and cool chutes have completely disappeared and facilities for mechanical maintenance are adding to the difficulties of continued operation.

Its hoped that the people of Lindsay and Haliburton will give the visitors a real welcome on the 17th and encourage them to make this an annual affair over the little used rail line.

ONTARIO LIBERAL LEADER TO ATTEND MEETING

President James Flynn reported today that the Victoria-Haliburton Liberal nomination meeting, formerly scheduled for October 23rd has been moved to a date early in the New Year. The meeting date is being changed so that Ontario Liberal Leader, Robert Nixon, may attend as guest speaker.

Currently, Mr. Nixon's presence is required full time in the Legislature, and according to Mr. Flynn, 'the uncertain political climate created by spiralling educational costs and increased Provincial medical cost has caused a situation to which the Conservative government of Mr. John Robarts must now seriously consider before dating the next Provincial election.'

THE KIDS HAD A BIG DAY

The Minor Ball season is officially over — some of the players are pictured above at the wind-up weiner roast, held at Rotary Park. Pop, hot dogs and chips were on the agenda, much to the delight of the kids. More pictures on page 6.

FREE BROCHURE ON REQUEST

HERE AND THERE

with Fenwick Finch

One of the easiest ways of writing a column is to take someone else's words and use them as the subject matter yourself — that's what I'm doing this week. For a very good reason. For more years

than I care to remember I have been getting the "Prime Mover Control" which is the official organ of the Woodward Government Co. Rockford, Ill. I have always held the past president Irl Martin in the highest regard for his remarks in the "Dear Gang" editorial. He is hard-hitting and honest in his stands. This latest editorial, parts of which I'm using could be well applied to our Canadian System.

On Education "Campus viciousness and wanton destruction, will probably cease when those students who sincerely want post high school instructions decide to fight for their legitimate rights and privileges, or when the disillusioned taxpayer or contributor refuses to support educational systems wherein destructive dissension is tolerated. —"

" — Education might well be summed as breeding, home environment, discipline, desire to learn and willingness to spend the necessary time and energy, in school and out, to associate with more mature thinking and action."

On Government, Mr. Martin has this to say, and it sure applies to us.

" — Some, in their public pronouncements, appear to have the characteristics and dedication essential to fair and impartial government, only to completely reverse themselves after election. Some, in their avid desire for office, vacillate, procrastinate and hedge to the extent of supporting no philosophy except being elected. 'We, the People' are, of course, responsible. We have permitted government chicanery, dishonesty and hypocrisy to grow and flourish because in the past we have, on the average, seemed to prefer these characteristics rather than essential knowledge, horse sense and honesty and forthrightness in our prospective and incumbent office holders. —"

On labour and management Mr. Martin puts his finger on the problem.

" — The continuing controversy and turmoil between so-called management and labour union officials can never produce the honest, fair and equitable economic balance essential to peaceful and honourable progress. Forced wages raises, deteriorating efficiency and lowered domestic tranquility. Inflation, which is the product of economic unbalance, first dilutes the value of the fixed and low incomes but eventually negates the raise in wages with factitious prices and accelerating taxes. The final result is disaster to all."

The above remarks were the points that struck me as pretty close to our Canadian problems — you may not like hearing them from an American businessman but you gotta admit they're the truth.

About 25 years ago when I was in Fenelon Falls the Woodward people were looking for the oldest Governor still in use and I came up with it in the old Hydro Plant — as a result I won the best steak dinner in Rockford. To date I haven't been that far from home, but, if I ever get near there I'm sure going to take them up — I don't come from a long line of Scotsmen for nothing — when it comes to anything free, I'll never forget.

* * * *

Well, that's another week gone by — the colour season is with us again and the leaves are beautiful, this Thanksgiving week-end should see them at their best. Drive carefully and watch our new road work along Highway 35, it is now a high-speed road — don't let it trick you. With this road, one mistake and you die quicker.

DOLLARS AND GOOD SENSE

by William J. Martin

This column is a regular feature prepared by the Family Financial Counseling Service of the Avco Delta Corp., P.O. Box 2820, London, Ontario. All questions submitted to the above address will be answered in print or by mail. Names will not be used in print. However, all questions should be accompanied by a complete name and address.

\$\$\$

Each week it is my pleasure to answer the questions sent to me by readers throughout the United States and Canada concerning family finance. This week, however, I thought I would ask the question. Do you have a spending plan?

Notice I didn't say budget, but spending plan. There is a difference. Budgets sometimes bring very unpleasant memories to many people. They think that every cent has to be accounted for and that income and expenses have to balance each month just like their bank statements.

With a spending plan, you don't have to be an accountant struggling with a complicated budget. Paperwork is not what makes a spending plan work. If you presently have a checking account or otherwise keep track of your spending, you are well on your way to formulating your spending plan.

Take the record of your present spending and after you have some figures to work with, you simply forecast and earmark your future income and outgo, being as flexible as necessary in projecting your future needs.

Group your spendings into sensible headings on a form you can either purchase at a stationery store or make up yourself. For instance, under automobile spending, include insurance premiums, gasoline and maintenance as well as monthly payments. Under food spending, don't list all those non-food items you purchase at the supermarket.

Remember, you don't have to figure your spending to the penny. Round-dollar figures are fine. Keep track of your spending like this for at least two months when you'll have a fairly accurate picture of your family spending. Then you can set some goals, both long-range and short range. If you think you are spending too much or too little on some items, set our goal at bringing this spending to where you want it.

Be sure to allow enough for some savings each month and also have money left over for entertainment or recreation. This plan should be a life-long system, and you can't live with it if you cut out all your small

pleasures.

As you bring your short-range goals and spending patterns into being, start forecasting some long-range plans, such as a college education fund, or even next year's vacation.

Everyone should have a system for controlling expenses. I think you'll find that this simple spending plan will be much easier to work with than some complicated budget you may have tried in the past and given up on. Give it a try and see how it works for you.

PROPERTY WANTED

Registration No. 0936
PUBLISHER & EDITOR - ALAN GREIR
Thursday, October 8th., 1970

LETTER TO THE EDITOR

Thursday October 1,

Dear Fenwick,

Wonderful to hear your up and around and feeling like your old self, whatever that is. Notice by your literary attributes that you are mellowing, (guess that comes with old age).

I must compliment your Town Council for their decision on the two requests as proposed by the Brady Lake Ratepayers Assoc. sure appears they shot those down in a hurry.

I noticed your road accounts totalling \$13,715.75 has been approved for payment. Allow me to confirm the .75 cents portion was certainly well spent on improving the road in from the Dam to Bob Lake. Hell, the road is now wide enough to accommodate a man pushing a wheelbarrow, certainly explains the tax rise.

I have discovered some of the prettiest gals in town work in the bakery. I wondered why 'Mat' decided to do the bakery shopping himself, then I went in one day and found out why. They're gorgeous gals-needless to say I now do all the shopping myself.

That about does it for my 'beefs and bouquets' this time 'round, but it's been a wonderful summer and once again we've enjoyed the 'Highlands'. Keep healthy Fenwick, and to Ye Dear Olde Editor, I say keep jogging but please 'way out in the country, you'll be breaking up the sidewalks in town and My taxes will be going UP once again. So take it easy eh??

Best Wishes,
Mrs. James Matalas.
Your Sparring Partner,

CAMPING FEES CONTINUE INTO THIS MONTH

The Department of Lands and Forests report that Camping fees in some of the Provincial Parks in the District will continue to be charged up to and including October 12. Camping facilities, normally discontinued in mid September, will also be continued to this date, so campers will have such facilities available as washrooms, running water, garbage collection and, in Darlington and Balsam Lake Parks, trailer electrical outlets.

Those parks continuing charging for camping will be Balsam Lake, Darlington, Serpent Mounds and Presqu'ile. Vehicle entry fees, however, will not be charged at any of the District Parks.

IS EVERYONE TOO FAT?

It never ceases to amaze me the lack of response and interest given most projects and functions here in Haliburton County. I can hear you from here saying — "he is at it again" — but it is true.

For instance the Directors of the Chamber of Commerce held a colour tour on Sunday, October 4th, which was followed up with an excellent wine and cheese party at Wig-A-Mog, along with the premier showing of a colour slide with tape commentary of the Haliburton Highlands, covering all seasons of the year. This slide and tape production is designed to promote the county, which means business for everyone, and money in the pocket.

The colour tour is designed to gather the members together so that they can make acquaintances, exchange ideas, and see the many beautiful parts of our county, in vivid colour, that ordinarily under a busy summer schedule, would be impossible. The purpose of course in covering places of interest is so the businessman, lodge owner, camp operator can talk intelligently to the many visitors of the county and direct them to these scenic parts while they are on vacation.

So what happens on Sunday, after the Chamber has arranged this colour tour, and Mr. Ivan Widdifield of Willowdale is brought all the way to the Highlands to show the promotional slides — only 13 members make an appearance, and these include only 5 Directors. Out of this number only two are from the village of Haliburton. This brings to mind a turn of events, only a year ago, when it was the village of Haliburton who cried that this County needs more promotion, along with more information booths. And, only this spring when all members of the Chamber were in a tizzy that the Chamber should be more progressive and do a bigger job in promoting the County. Well, how do you explain it? — Are we all really too fat? Or are we leaving it up to our neighbour to do the work while we rake in the profits? If these are the reasons, then our pockets will not always be filled with money.

This is not the first year, but the third year the Directors have arranged this tour with next to no interest shown. I can't imagine everyone being that busy on a Sunday afternoon the first week in October.

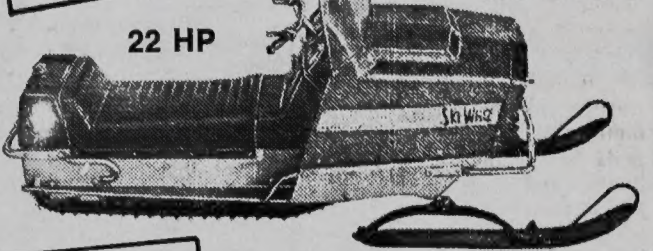

If the County is ever going to pick up some speed and surge ahead, keeping up with all the other tourist districts — everyone must get off their butt and do their part. They should start by showing more interest in the Chamber of Commerce, which is our only life-line here, connecting all the corners of the County, promoting business for everyone.

The slides and sound presented on Haliburton County by Mr. Widdifield were terrific and should be a step forward in promoting Haliburton County. It is my understanding that this 30 minute production will be available to anyone who is out of the area promoting the County.

Even though there was little interest in this colour tour — we think it should be continued another year, with Secretary-Manager Ted Campbell promoting it further. Maybe next year others who are interested in promoting the Highlands will take advantage of this tour, and jump on the band wagon, with those few who are now doing a good job.

IT'S A MATTER OF LIFE AND DEATH

Carbon monoxide is a gas that escapes every time a cigarette is lighted. If you inhale cigarette smoke, there is no way to block the gas from entering your bloodstream. Filters cannot trap the gas.

What happens when carbon monoxide gets into your bloodstream? A team of Danish researchers at the University of Copenhagen have found out. Carbon monoxide rapidly depletes the oxygen-carrying capacity of the blood. Your lungs, heart, and brain need plenty of oxygen to survive.

The dangerous fact about carbon monoxide is that it combines rapidly with hemoglobin. The resulting combo is called carboxyhemoglobin. The normal level of carboxyhemoglobin in the body is about one-half of one percent. When this level rises to 5 to 10 percent, there is outright interference with oxygen transport. Heavy cigarette smokers often have levels up to 20 percent.

The Danish investigators tried to figure out how carboxyhemoglobin does its damage by using animal models. They found that cigarette smoke makes blood vessels more permeable, thus allowing an increased flow of fat through vessel walls. Some of this fat is deposited, leading to atherosclerosis.

Smoking, of course, has other disastrous effects, too. But the minute you stop smoking your body goes to work to repair the damage. You will breathe easier and feel less tired. Your circulation will improve. And your heart and lungs will have a chance to defend themselves.

Your Christmas Seal association is conducting a campaign to convince anyone who still smokes to kick the habit. Your association knows it's a matter of life and breath.

Come ride the new high performance twins from Snow Cruiser.

Twin cylinder, dual carb, 32 hp., 399 cc. engine

Twin cylinder, dual carb, 36 hp., 436 cc. engine

New molded polyurethane track

Snow Cruiser high performance models RK321 and RK361 are not recommended for the timid. Because both models are very fast. Power comes from a twin cylinder, dual carb 399 cc. high performance engine on the 32 horsepower model, and a more powerful 436 cc. twin cylinder, dual carb engine on the 36 horsepower model.

Both engines are smooth and vibration-free in all rpm ranges. Yet for all that power, tuned exhaust keeps the noise down without interfering with performance.

Underneath, the RK's travel on a new 15½ inch molded polyurethane track that clings to snow and ice the way a racing tire holds the track. Excellent for side-tracking slopes, and tackling hills straight on.

There's excellent flotation on any snow condition. Ski columns are heavy-duty forgings, and ski springs are extra

stiff for greater stability. Caliper brakes are sure and quick. For convenience and safety, there's also a parking brake. Power is converted through a reinforced belt, dual chain, and Snow Cruiser's Variable Speed Drive that automatically delivers extra power when the going gets tough.

When it comes to styling, the RK's look just as performance minded as they are. The lines are fast and clean, with racing stripes, cut-down molded tinted windscreen, dual sealed-beams and racing styled deep foam seat.

The RK's are true performers in every sense of the word. They're quick, agile, manoeuvrable and highly stable. For the experienced driver who wants to move up to performance.

For dependable winter action, see your Snow Cruiser dealer. Seven models in all including the fast, light 200's, the stable Wide-Track 2000's and the high performance RK twins.

WEIGHT WATCHING?

DON'T SKIP POTATOES

Are potatoes fattening? Not at all, say home economists of the Ontario Department of Agriculture and Food, unless they are french fried or covered with butter, or sour cream and crum-

bled bacon. One medium baked or boiled potato without butter contains 100 calories. This is the same number of calories as in half a cup of cooked white rice, and only about one-third the number of calories as in an average piece of apple pie.

As an added bonus, potatoes are an important, inexpensive source of vitamin C. A medium potato supplies nearly half our daily requirement of vitamin C plus B vitamins and minerals especially iron.

AN OPEN LETTER

HYLAND CREST AUXILIARY NEWS

Hall's Lake, Ontario
RR 2 Minden,
October 1st, 1970.

Dear Stella and Herb:

We missed you at the Auxiliary meeting last Monday evening—that is, September 28th. There were just 10 ladies and one man present, but perhaps this meeting came too soon after the Summer recess. I know a lot of people are still holidaying and don't like settling down to meetings until a little later. However, there was a lot to discuss so we went ahead with the business of planning the yearly Hallowe'en Bazaar and Tea.

Just thought you might like to know what went on at the Meeting and what we hope to do in the near future. You will be happy to know that Eleanor Mason rounded up quite a few of the cottagers this summer who took over some of the tea parties and visiting and even craft work when the rest of us were just too busy during the tourist season. Grace carried on her sing-songs and sang a lovely solo at the Thorne's Golden Wedding Anniversary on the 25th of September. The Craft ladies, headed by Mrs. Schmidt and Mrs. Krick were very active and several other members were really helpful all during the Summer months, as they continue to be all through the year. Laura helps with the shopping and Marg. McKay manages the Tuck Shop with the help of faithful volunteers. Rev. Howard Best, Rev. Wesley Oake and Rev. Amos Brubacher have looked after the spiritual needs of the residents in the Home and Mrs. Appleby shows pictures and movies. The residents just love visitors and entertainment and Mr. Precoor with his fiddle has added many delightful hours of fun for the residents. Many others too have added highlights to the monotony of just sitting.

Elsie Bursey and Syd Brown are a great team in making the Home a warm and friendly place for our Senior Citizens to live, and the Staff all seem to be so kind and thoughtful and really devoted to their various jobs. They even went outside each morning during those hot days and wiped off the benches and chairs and put the umbrellas up so that the residents could sit out on the patio as much as possible. We spent some of our Auxiliary money to buy one of those attractive big umbrellas and it was well used.

The Big News now is the Hallowe'en Bazaar and Tea, which is coming up on October 28th from 2:30 until 4:30 in the Auditorium of the Home. By holding it on a Wednesday we

Cooper - Upton Wedding

On Saturday September 12th, 1970, in the Lakeside Baptist Church Haliburton the wedding of Bernice Upton and Roger Cooper took place, with Rev. John Smith officiating at a candlelight ceremony.

The organist was Mrs. Marie Wallace.

The bride is the daughter of Mr. and Mrs. Harold Upton of Eagle Lake and the groom is the son of Mr. and Mrs. Wesley Cooper of Haliburton.

Given in marriage by her father the bride was elegant in her floor length A line lace panelled gown of Crystal Peau enhanced with a wedding band neckline and long puffed sleeves with a wide cuff. Her chapel train was emphasized with matching lace held in place by a sequin pedalled headpiece accented with a two tiered scalloped veil of Gossamer illusion worn softly over the face. The bride chose a cascading crescent bouquet of white Carnations and Pink Delight Roses.

Mrs. Donna Moore of Toronto was her matron-of-honour and wore a violet floor length gown of Chiffon over taffeta designed with an Empire bodice outlined with matching tiny lace appliques and flattered with a fully gathered skirt and puffed sleeves. She carried a cascading bouquet of deep pink carnations with white net and light mauve velvet ribbon.

The two bridesmaids were Mrs. Marlin Gartshore sister of the bride and Miss Dolores Cooper sister of the groom. They were dressed in gowns

identical to that of the matron-of-honour, but in dark lilac, their bouquets had dark purple velvet ribbon.

The flower girl was Miss Jacqueline Hamilton niece of the bride. She wore a long white

gown trimmed with violet lace appliques in identical style and chose a headdress to match the matron-of-honours and bridesmaids deep violet velvet leaves entwined with tiny flowers and veils worn over the face. She carried a nosegay of miniature pink and white carnations.

The Ring Bearer was Master Bernard Upton nephew of the bride. The Best Man was Mr. Scottie Moore of Toronto. Mr. Verne Gartshore brother-in-law of the bride and Mr. Glen Stamp cousin of the groom were the ushers.

The brides mother was attired in a mint green ensemble of crepe, chiffon and lace with accessories of white and a corsage of yellow sweetheart roses.

The grooms mother was attired in a shocking pink ensemble of Crimpeline with accessories of silver and a corsage of soft pink sweetheart roses.

Following the marriage a wedding dance was held in the Haliburton Arena. The couple left on a honeymoon, the bride wearing a deep pink lace dress with silver and white accessories and a corsage of white and pink carnations.

The bride and groom will be living in Minden.

Out of town guests were from Toronto, Brampton, Oshawa, Whitby, Orillia, Mitchell, Peterborough and Lindsay.

ABOUT THE TOWN

With Jeanne Sears

We noticed many bus loads of people up to see the beauty of our County which we all take for granted. What a difference from the high rise buildings, to our colourful foliage, though it doesn't seem quite as spectacular as last year. Some of these people have arranged dinners at various places in our County.

* * * *

This past weekend saw the Legion Zone Rally at Haliburton with hundreds of delegates and others coming from all this zone to a grand get-together. We wonder how much time and planning must have gone into this parade with its many pipe bands.

* * * *

Mrs. William Welch, another of our elder citizens, keeps very well and just now has been away visiting her daughters and their families at Peterborough and Thorold.

* * * *

Last Monday evening was the first of the monthly card parties at the Orange Hall, by the L.O.B.A. Winners were Fred Wright, Joe Bell, Mrs. E. Robertson and Mrs. J. Hounsell. The ladies provided a delicious lunch and cup of tea after the games.

* * * *

The John Fergus' and the Ivan Coopers' have moved from our village to Lindsay as they are working with the Regional Government Assessment Office there.

* * * *

The house wife will soon breath a sigh of relief after the long session of pickling and preserving or other items for their deep freeze. It is a saving to do all this but what a chore it has been.

* * * *

Patients at the local hospital early this week included Mrs. Bessie Dummet, Mrs. Edith Miller, Mrs. Doreen Klein, Mrs. Gladys Waters, Mrs. Olive Ball and Mrs. Sylvia Trumbull and baby boy.

* * * *

Pierre Trudeau is now planning to visit Moscow and have a tour of their Arctic Bases. This is to assist in the sale of some of our technical equipment. We note that he has joined the group wearing longer hair; his style seems to resemble the style worn by Sir Wilfred Laurier.

* * * *

Winter must be on its way as numerous flocks of wild geese have been seen flying. Then on Sunday some places in our area were covered with snow but it melted right away.

* * * *

Several couples from the village are away for a holiday or have just returned, some of these are Marjorie and Harold Coulter and Opal and Don Crowe.

* * * *

Hint of the week — If you sew snap fasteners to the outside of the youngsters slippers and snap together when not in use, one doesn't get away under the bed.

* * * *

Has been another wet week, the colour may come now after the heavy frost of Sunday evening. The sun was shining today (Monday).

Cheerio until next week.

NORLAND MAN RESCUED FROM WELL

A Norland man Alfred Charles Wille, 43, narrowly escaped his death, Saturday, when one wall of the well he was digging at the Wahoo cottages in Norland caved in, completely burying him.

His rescue is credited to the swift action of two people near the well who immediately started the rescue attempts, and were successful in uncovering Wille, who was treated at the Ross Memorial Hospital in Lind-

NEW HYDRO RATES FOR RURAL AREAS

An increase in rates for nearly 600,000 rural customers was announced today by Ontario Hydro. Effective on bills payable January 1, 1971, the rate change will raise revenue from

say for shock, and later released.

Provincial Police Corporal D. E. Coe of the Cobocok Detachment was the investigating Officer.

Hydro's rural customers by 9 per cent.

It is the second general rate increase in 17 years. The last one was effective October, 1968. Specific percentage rate increases to customers vary according to service classification. Details are being mailed directly to all customers.

Hydro Chairman George Gathercole said that the increase is "regrettable, but unavoidable. Owing to inflationary pressures and rising costs, our rural system is now operating at a substantial loss."

Total Home Comfort Texaco Style.

Texaco Deluxe Forced Warm Air Furnace.

Designed to ensure the complete combustion of every drop of oil. And because it's oil, you get maximum heat at minimum cost.

Available on easy terms.

Texaco Oil-Powered Water Heater.

The fastest hot water service money can buy — 4 times faster than gas and 8 times faster than electricity.

Yours for just pennies a day.

Portable Texaco Humidifier.

There's also a furnace mounted model. Either one will keep your happy home from cracking up. It'll give your family a better atmosphere to live in, too.

Both are efficient and economical.

Texaco Replacement Oil Burner.

Designed on a unique pedestal base to fit any existing forced warm air furnace.

Make the changeover now, and save yourself money and discomfort this winter.

A Texaco Portable Dehumidifier.

The only way to beat weather changes and dampness in your home. Fast. Automatic, efficient (removes up to 3½ gallons of water from the air a day). Economical, too.

We'll see that you'll always have the home comfort you desire. Day and Night.

Our teamwork keeps the heat on.

 HYLAND CREST AUXILIARY
 NEWS**
 Continued from Page 7)

should get a lot of the local business people to attend. Since the residents haven't too many items ready we will all have to pitch in and produce enough items to make it a worthwhile event. Could you spread the word around that we need things for the Bake Table, the Tea Table (fruit bread) home made things for the craft table candy, 'Witches' Brew' or white elephants? If you get busy cleaning out cupboards and drawers don't throw away any odd dishes, ornaments, jewelry, books, scarves, hankies, purses, even hats. If they are in good shape and clean we can probably find a market for them. One thing we would ask is that everyone put a price on each item they bring in so that this job doesn't fall to one or two ladies to do at the very last minute before the Bazaar.

At our next regular meeting on the 26th of October, since it is the last night, but one from the Bazaar, we are going to have a work afternoon to decorate the Auditorium and try to set up any of the items turned in for Sale. Could you come down and help us out, and anyone else you think would be able to spend a few hours? There will be lots of scope for anyone with an artistic eye to help with the decorating and then we can have our regular meeting. Some of us will be there around 2 p.m. so come if you can, won't you?

We don't expect to have as many lucky draws this year — just one or two to make it interesting

Oh yes, I meant to tell you that Len Stinson will be at the Halloween Bazaar again with his famous doughnuts. Even if you cannot eat them you can always enjoy the aroma and watch them being made

I should let you in on the news that we are having several thousand coloured post cards of the Hyland Crest Home printed and these will soon be for sale to individuals and retail outlets and the Tuck Shop. I know a lot of us have been wanting something like this for a long time and these are lovely attractive cards — so we should

have these ready by the month-end.

Mrs. Bursey told us at our Meeting that groups are welcome to hold their meeting at the Home from time to time. Church groups are invited to help out with mending and sewing and the making of incontinent pads etc. A tour of the Home could be arranged for a group, and tea served. I wish we could persuade each active group to take a month out of each year and plan one meeting at the Home. The residents like to see new faces and the mending gets beyond the helpers who try to cope with it. If everyone who reads this letter would come up with one article for each of the above tables for the Bazaar and make a very special effort to attend, my goodness, what a great success it will be.

'Walk a day in my shoes' was the theme of the Broadening Horizons' Convention held in Thunder Bay during September and this is something we should endeavour to think about as we plan our year ahead and as we fit into our lives a little time for our Senior Citizens. Dave Stamp has been generous

with his busses in taking the residents for outings and taking them to the Minden Fair where they received Honourable Mention for their booth. The Kinsmen and Kinettes have been doing a good job with the Bingo games too. Yes, we have a lot of people interested in the Hyland Crest and doing a good job too.

I hope this finds you well and happy and trust you will put a big circle around the last Monday evening of each month for the Auxiliary meetings.

Sincerely,
 Doreen Stinson,
 President

Couple Who Both Had Polio Run Successful Business Today

Christmas has already arrived at 533 Park Street North in Peterborough where a man in a wheelchair and a woman on crutches are very busy these days handling orders for Christmas cards and gift magazine subscriptions.

They're Cliff and Roma McIntosh and it's just 21 years ago this fall that Cliff started the business. He had spent two years in hospital with polio which struck him in Delhi where he had gone to pick tobacco.

After his convalescence, he tried selling magazine subscriptions by telephone from his home in Castleton — about 45 miles south of Peterborough, where his parents have a farm. "But you need at least a thousand customers to make a living that way," he says, "and Castleton just wasn't big enough."

So the March of Dimes (now called The Ability Fund) made him an offer. They would pay his room and board in Peterborough for as long as three years while he got established. He moved to Peterborough in 1955, and it only took two years until he could tell the agency he no longer needed help.

That was 1957, the same year he married Roma, whom he met in hospital where she also was a polio patient. Business was so good they were able to buy the two-storey house they're in now, living on the first floor and renting the second. Then along came Bruce, who is now six and a bright pupil in Grade 2.

"Bruce has been a big help," says Roma. "He seems to have known instinctively what we could do and what we could not do. If I were standing with my crutches, for example, he would never ask to be lifted up. He's been picking things up for us since he could walk, he's been going to the store since he was two-and-a-half, and for more than two years now he's been putting out the garbage and doing things like putting off lights and locking doors."

Cliff has about 3,000 steady customers now, including about

A happy family, doing well in spite of their handicaps that's Cliff and Roma McIntosh and son Bruce of Peterborough. The parents had polio and the son has diabetes, but they operate a successful magazine subscription business from home. They credit The Ability Fund (formerly March of Dimes) with getting them started.

300 who have moved out of town — one as far away as Australia — and who still send him their renewal subscriptions. He handles all the magazine subscriptions for the Peterborough Board of Education and the County Separate School Board, and a lot for Sir Sandford Fleming College and Trent University. Roma does most of the paper work, Cliff spends most of his time on the telephone which he has rigged up with a steel bar so he doesn't have to pick it up with his weak right arm, leaving his strong left one to write. In recent years they have been able to add Christmas and greeting cards to their service. They credit the March of Dimes for getting them started, but they don't need help now. Cliff and Roma McIntosh are taxpaying members of the community who support local charities instead of being on the receiving end. They're able to take a month off in summer to visit Roma's folks in Ottawa, Cliff's family in Castleton, and spend some time at a cottage. "We're a long way from being rich," says Cliff, "but we feel we're fairly independent now — and it's a nice feeling."

Good today... better tomorrow

Canada Savings Bonds

An investment that grows and grows

7³/₄%

average annual interest to maturity

Canada Savings Bonds help you plan ahead—look to the future without worry. They're Canada's most popular personal investment.

Canada Savings Bonds are easy to buy for cash or on instalments, in amounts ranging from \$50 up to \$25,000.

Canada Savings Bonds are cold, hard cash—instantly. They can be redeemed any time at their full face value plus earned interest.

Canada Savings Bonds are safe—backed by all the resources of Canada. They're a very special security.

New Canada Savings Bonds yield an average of 7³/₄% a year when held to maturity.

Each \$100 Bond begins with

\$6.75 interest for the first year, pays \$7.75 interest for each of the next three years, and then pays \$8.00 interest for each of the last seven years.

On top of this you can earn interest on your interest. You can make each \$100 grow to \$227.50 in just eleven years.

That's why we say, Canada Savings Bonds are good today, better tomorrow; an investment that grows and grows.

Buy yours today where you work, bank or invest

LINDSAY KIWANIS CLUB TO PRESENT MUSICAL SHOW

The Lindsay Kiwanis Club will present their annual fall musical show at the Academy Theatre, Lindsay, October 12th through 17th.

This year's show, *My Fair Lady* is being produced by Kiwanian Moe Wileman. As usual considerable assistance is being provided by Lindsay Little Theatre.

The director is Dennis Sweeting who needs no introduction to Lindsay Theatre audiences. Mr. Sweeting produced summer theatre in Lindsay in 1967, 1969 and 1970. He directed the *Man Who Came to Dinner* for Lindsay Little Theatre in 1969 and last year's Kiwanis Fall Show, *Guys and Dolls*. Mr. Sweeting is also known for his various TV appearances in such series as *Quentin Durgens MP* and, for his work as an adjudicator at drama festivals throughout Canada.

Every effort is being made to make *My Fair Lady* the best and most successful show ever produced by the Kiwanis Club. The show itself is one of the most popular musicals ever staged and set records in both London and New York. Our beautiful and talented leading lady, Barbara Dunn, with Denham Dingle as Professor Higgins, Walter Humphries as Alfred P. Doolittle and Bill McCathy as Colonel Pickering provide a great strength in lead roles. They are ably assisted by a host of talented performers including such well known Lindsay actors as Al Kirk, Brenda Milner and Howard Berry.

The proceeds of the show go to assist Kiwanis community activities in the Lindsay area. It is hoped that a large audience will turn out to assist the Kiwanis Club and at the same time enjoy an evening of top quality theatrical entertainment.

Ticket prices for adults are \$2.00, Monday to Friday and \$2.50 Saturday night. Student tickets are priced at \$1.00 and 1.50 respectively. Monday night will be Family Night when school children accompanied by adults will be admitted for 50c.

Adult advance tickets are available now from Lindsay Kiwanis Club members, Lindsay Little Theatre members and at Lindsay Smoke shops.

Reserve seats can be picked up at the theatre box office between 1:00 p.m. and 6:00 p.m. starting October 7th.

Curtain time for all performances will be 8:30 p.m.

Toronto writer Hugh Garner reads one of his own short stories, Step-And-A-Half, on Anthology, October 10. It's been a while since Garner has had anything new on the bookshelves, but recently he's published two novels, The Sin Sniper, and A Nice Place To Visit. The Sin Sniper was dramatized for Theatre 10:30, and repeated on that series not too long ago. The week of October 19, A Nice Place To Visit will be presented on Theatre 10:30, adapted and produced by actor-director Robert Christie. It's the story of a magazine writer who re-opens an old criminal case, only to find that he should have let well enough alone.

Sports fans may find themselves wondering which dial to turn on the week of October 10, when the World Series begins. (They continue at least until October 15.) On October 11, the NHL season begins on CBC radio with two games going on. On the national net, the Montreal Canadians meet the Philadelphia Flyers at Montreal; in Ontario only, The Toronto Maple Leafs play the newest entry into the NHL, the Vancouver Canucks, in Vancouver.

Vancouver crops up in two upcoming programs. On Soundings, October 14, a program on mayor Tom Campbell and his war with the hippies, who have swarmed into the city this past summer. On Between Ourselves, October 15, Granville Street: Main Street Canada West, zeroes in on the ten blocks of urban confusion known as Granville Street, haunt of businessmen, shoppers, street vendors and junkies.

A successor to the late James Bannerman, who introduced CBC Tuesday Night for so many years, has been named. He's Harry Adaskin, brother of John and Murray, the composer. Adaskin is a violinist and professor emeritus of music at UBC. He's been both a performer and host on various music programs on radio. His first Tuesday Night program is October 6.

Because of the gradual withdrawal of Canadian Forces from NATO bases in West Germany, Radio CAE in Soest, operated by the Department of National Defence, will be closed down Oct. 18. For some years, the Armed Forces Service has provided radio and TV programs in French and English for Canadian service men and their dependents abroad, in the Canadian north and in Forces' ships at sea.

YOUR SECOND INCOME AWAITS
